

Transforming legal services

ASHURST ADVANCE: YOUR NEWLAW PARTNER

Ashurst Advance is Ashurst's full service market-leading NewLaw offering, delivering innovative and holistic legal and business solutions across five core NewLaw capabilities: Advanced Delivery, Legal Managed Services, Digital, Legal Operations and Flexible Resourcing.

At Ashurst Advance, we work seamlessly with the firm's legal advisory and consulting experts to help solve your most complex legal and business challenges, leveraging the latest in digital tools and process design to ensure the highest levels of quality and efficiency.

ADVANCED DELIVERY

- We utilise a powerful combination of cost-effective resourcing, technology and process design to drive efficiencies and cost savings in high volume, process and data driven matters.

LEGAL MANAGED SERVICES

- Our offering acts as an extension of your in-house legal team, delivering efficient, quality assured solutions, enabling you to focus on core strategic work.

DIGITAL

- We deploy technology and user design principles to streamline legal processes, optimise the delivery of legal services and transform legal data into legal outcomes.

LEGAL OPERATIONS

- Our project management and process experts assist in the management of large or complex matters, re-engineer work streams to ensure efficiency and assist in reimagining your legal service delivery.

FLEXIBLE RESOURCING

- We provide contract legal professionals across a wide range of levels and specialities when and where you need them through Ashurst Advance Reach.
